CASA (Court Appointed Special Advocates) is a national, volunteer-based, nonprofit organization with the mission to provide court-appointed volunteer advocacy for children and youth in the child welfare system so every child can be safe, have a permanent home, and the opportunity to thrive.

CASA Volunteers are ordinary citizens, like you, doing extraordinary work. They establish stable relationships with children who have experienced abuse & neglect, getting to know their unique story and making informed recommendations to the courts.

At a virtual CASA 101, you will hear from members of the CASA of Adams & Broomfield Counties team about the important work our advocates are doing in the community. You will learn about the CASA Volunteer role, application and training process, time commitment, and next steps on how you can get involved.
